ANGLO-AMERICAN RELATIONS.

COMMANDER REPRIMANDED.

Washington, January 11.—Commander Sims of the United States Navy has been reprimanded for the speech he recently delivered in London on the subject of the Anglo-American relations. The Washington authorities regarded the tone of the speech as having a tendency to give offense to friendly powers.

Commander Sims advocated an Anglo-American alliance in terms that are alluded to have been offensive to other friendly nations. When called to account for his utterances by the Navy Department, Commander Sims sent a copy of his speech to President Taft. Apparently the President took the same view of the matter as the Navy Department.

CANTON DAY BY DAY.

INDISCRIMINATE MINTING OF COPPER COINS.

[From Our Own Correspondent.]

Canton Jan. 16.

Some time ago the Board of Finance decided in view of the minting of copper coins in all the provinces to place some restrictions on the output of these tokens. It has now come to the notice of the Board that a number of dishonest merchants have been and are still secretly buying and importing foreign copper shavings. The Board has conferred with the

FOREIGN MINISTERS

at Peking as to whether or not restrictions should be placed on the importation of copper shavings. They have now come to an arrangement that in future, with regard to the minting of copper coins, the requirement of copper materials and the subsequent purchase of copper shavings and the purchase and importation of same, by every province, full particulars should be furnished of the quantity, etc., to the Board of Finance for checking and approval. In accordance with the arrangement already decided upon, the Ministry will notify the Ministers representing the country where the copper shavings are purchased. No copper shavings will be allowed to be exported to China, unless the Customs authorities at the point of exportation have been notified by the Chinese Government. No foreign merchant is to be allowed to deal in this metal secretly with dishonest Chinese subjects. This practice is contrary to the arrangement already made, and to the law restricting the importation of this metal into China. His Excellency the Viceroy has been notified of the above by the Board of Finance.

CHINESE IN PERU.

The Chinese merchant residing in Hongkong (Chung Wo, Chin and others) have petitioned His Excellency the Viceroy regarding the alleged exclusion of Chinese by the Government of Peru, in contravention of Treaty obligations. The petitioners have begged His Excellency to have the matter settled by virtue of Treaty stipulations. The petition has received the attention of His Excellency, which is to the following effect: "I find that the regulations governing Chinese emigration to Peru have been established after His Excellency Wu Ting Fong, (ex-Chinese Minister to America) had concluded negotiations with the Government of Peru. Both parties have affixed their signatures to the agreement for the enforcement of these regulations. The local authorities have been notified of same by the Ministry of Foreign Affairs and H.E. Tsang Ki has received a report from Deputy Si Wing Lin stating that the Consul for Peru in Hongkong has received a telegram from his Government instructing the enforcement of the new regulations, and that he refuses to affix his signature to the passport. The Acting Viceroy has referred the matter to the Ministry of Foreign Affairs and has asked them to lodge a strong protest with the Peruvian Government. Petitioners must wait for the dispatch of the Ministry regarding an early settlement of the matter, so as to remove any obstacles to the way of commerce. The Taoist for the Promotion of Industries instructed to notify the petitioners of same."

DISTURBANCE IN A THEATRE.

On the 16th inst. two policemen in uniform, attached to the Wanchai Police Bureau, entered the theatre, where a performance was on, without buying tickets for admission. They were stopped by the gate-keeper, whereupon they commenced to create a disturbance. They were in the act of assaulting the gate-keeper, when the deputy stationed in the theatre, to maintain order intervened. Later, he wrote to the Police Bureau, regarding the misbehaviour of the two policemen. They were placed in stocks and exposed to public view in front of the theatre. Shortly afterwards, they were released. Feeling humiliated, they determined to obtain their revenge and on the following evening, the two men, accompanied by about twenty members of the police force, marched to the theatre, and started throwing stones and bricks into the building. The gate-keeper was struck by the stones on the head, and is now in a precarious condition. With the assistance of the Magistrate's employees, the theatre-guards arrested three policemen on the spot. The deputy of the theatre was an eye-witness of the disturbance, and the police-inspector admitted that the three prisoners were policemen under his charge. Next day the Capt. Superintendent of Police issued a proclamation, saying that the tumult had been caused by some evil characters who had managed to borrow their uniforms from the policeman, who recently joined the force. Presumably, the official's object in giving this lame excuse was to free the policeman taking part in the disturbance from blame. When the wounded gate-keeper was removed to hospital for medical examination on the night in question, six employees of the theatre were sent for to give evidence. Instead of examining the condition of the wounded man, the

official in charge had the six employees put in irons, and removed to the lock-up. Unless the matter be satisfactorily settled, the probable consequences certainly will be tedious as the people are greatly agitated by the action of the Capt. Superintendent of Police, and by that of the official in charge of the Medical Examination Department.

TARTAR-GENERAL'S PROMOTION.

There is a rumour current in Canton that His Excellency Tsang, the Tartar-General, is in receipt of a private cable from the Peking Government, ordering him to proceed to the Capital post haste, as His Excellency is to be given the Viceroyship of the Three Eastern Provinces. His Excellency is reported to have arranged to start on his journey for the North on the 20th instant. Major-General Foo will be in temporary charge of the Tartar-Generalship. Tsang's presence will be generally missed by the people, as His Excellency has taken an active part in the campaign against gambling. His last will be felt most by H.E. the Viceroy, who holds a high opinion of the Tartar-General.

MAY BE WOMAN DUPED.

Wong Hin, a robber, is (pretend) in custody at the N. Mohol Night. When the prisoner was standing his trial at the yamen of Admiral Li Chun, a "brave" named Chan Chun Kwai told the prisoner that they could manage the prisoner's release on condition that he was given some money. Believing the "brave's" story, the prisoner told his wife and his married sister to find the money. By this means, the "brave" had repeatedly obtained from these two women money and clothing which reached a total value of over \$200. Some days ago, the swindler told the two women that the case of their relative was a mere formality, and it would be necessary for him to go to Hongkong to seek assistance from the British authorities. He asked the women for \$200 to meet his expenses to proceed to Hongkong. The prisoner's wife, finding herself unable to meet this fresh demand, asked her brother to advance her a loan. The latter asked her why she required the money, whereupon she disclosed to him what the "brave" had told her. Her brother concluded that his sister had been duped and reported the matter to Admiral Li Chun. The "brave" was arrested and told the Admiral that he had been assisted by an accomplice to carry out the fraud. The accomplice was also a "brave" in the same yamen. His whereabouts are being sought for by the Admiral.

A HOST OF PIRATES.

The riverboats of the Kuk King, Ching Yuen and Sam Sui provide shelter for pirates and robbers. These desperate characters have repeatedly molested the district in question. Sometimes, they demand blackmail from the owners of the wood "piles" or hold the people for ransom. The gentry of these districts have now petitioned Admiral Li Chun regarding these outrages. His Excellency has instructed the Commanders of the gun-boats Kwong On and Hai On, and also the Commandants of other vessels to keep a sharp look-out for these piratical bands with a view to bringing them to justice.

DISHONEST RAILWAY EMPLOYEES

The tickets issued by the Three Provinces' section railway are supplied by E. Hing, Tung Tak Steer, Canton. For every ten thousand tickets, the charge is \$1. However, in the statement of accounts drawn up by the principal department of this railway, the charge represents \$1.50, being overcharged. The fraud has been perpetrated by the dishonest employees in the department. Every month, the payments for railway materials and coal supplied are made in Hongkong Bank notes. The rate of discount on Chinese money does not correspond to that in the returns of the Canton Bankers' Guild. Ever since the working of this railway commenced, no audit of his accounts has yet been made. Naturally, several instances of defalcations have occurred, which have now been discovered by Mr. Mak Chun Foo, who charged the fraudulent party with using the shareholder's name, in support of his telegram to the Board of Communications, requesting the appointment of the Railway.

AN ASCENDING CONFAB.

Some days ago, the German Consul at Shanghai wrote to His Excellency the Viceroy saying that the Ng Kuk Chai, ex-compradore of Messrs. Siemens & Co., in Canton, had absconded with some ten thousand dollars, money belonging to the firm, and that the fugitive had also stood surety for some of the firm's customers to the sum of about two hundred thousand dollars, in respect of credit sales. The Pan U Magistrate has repeatedly been requested to have the ex-compradore's properties and estates, which have been assigned to the firm as security, sealed up and sold, in order to make good the loss to the firm in question, but his Worship has done nothing so far. Messrs. Siemens & Co. have suffered heavy losses and the German Consul has been obliged to request His Excellency to send a deputy for the settlement of the case. On receipt of the Consul's communication, His Excellency instructed the Pan U Magistrate to have the absconding compradore summoned for trial, to find out whether the shops, houses and estates are in the name of the ex-compradore or otherwise, and to examine the title-deeds before giving his decision in the case.

OPIUM SMUGGLING.

Illegal dealing in opium on a large scale, including the smuggling of the drug into America, the federal authorities believe, has been successfully carried on between the Chinese of Pittsburgh and Philadelphia for some time. As a result of investigation, raids were made simultaneously in both cities and large quantities of the drug were seized. Internal revenue officers in Philadelphia arrested an alleged dealer, and in Pittsburgh thirty-seven Chinamen and two white men were taken, together with 200 cans of opium. It is believed that a large part of the drug seized was intended for shipment to Philadelphia, having been received in Pittsburgh after being smuggled into the country.

SHIPPING NEWS.

The O.S.K. steamer *Koshu-maru*, which recently arrived off Syng-ji, Korea, has been abandoned by the Osaka Shosen Kaisha to the underwriters, Lloyd's. It is expected that operations for raising the steamer will be commenced after March next, when the weather becomes more settled in the northern part of the Korean Sea.

The *Canali-maru* was to be launched at Nagasaki from the Mitsui Bishi Dockyard on the 16th instant. This vessel is the last of the three steamers ordered from the Mitsui Bishi Dockyard by the Osaka Shosen Kaisha for its American service.

The result of investigations made by the Department of Communications shows that at the end of November last the total number of Japanese steamers on its shipping register was 1,919, with an aggregate tonnage of 761,533; the number of sailing vessels, 4,935, with an aggregate tonnage of 364,209; and the number of boats the number of which is reckoned by 1,000, 2,088.

THE FORM OF SHIPS.

GERMANY'S HOLD CLAIM.

The *Hamburger Nachrichten* says the avowed object of the experiments in ships' hulls which are now proceeding in Germany is to reconvert the Atlantic speed record. The experiments, it is stated, were made with a hull similar in every way to that of the *Lusitania*, and a new model recommended by Herr von Kopp. The advantage is said to have been all in favour of the latter. With engines developing 35,000 horse power, the speed of the *Lusitania* is about 23½ knots, while with the same power it is alleged that the "new" vessel would attain at least 24½ knots. It is further claimed that a ship of the new form with 55,000 horse power would reach a speed of 33 knots, whereas with similar power the *Lusitania* could not develop more than 24 knots.

NO MILLIONAIRES COMING EAST.

Sir Thomas (Sutherland) says, in a letter to the effect that there are no millionaires travelling to and from India and the East, but that, on the contrary, the Eastern World has nowadays to travel most economically. But millionaires, he believes, do occasionally voyage to and from Asia. In that country, at all events, they are not troubled by the fluctuating value of the dollar, or the increased cost of living. On the other hand, the P. and O. has undoubtedly done a wise thing in strengthening its hold on the trade of the Commonwealth. Here at least is a country abounding in prosperity, where no overland route can possibly threaten. The shareholders were told on Tuesday that the company will in all probability have to do a large amount of further shipbuilding during the next few years. Sir Thomas Sutherland, however, puts the matter in the right light. He calls it "this process of improvement," and this although his company has in five years, spent \$8,000,000 on new ships. Thereby he displays the true spirit of successful steamship enterprise.—*Shipping Gazette*.

JAPAN WANTS STATESMEN.

There are new questions arising in Japan which call for solution in a wise and statesmanlike manner—questions connected directly with the conditions of the masses. The industrial and commercial era upon which Japan has now entered has its own problems, upon the satisfactory treatment of which the future prosperity of the nation depends. There is now an opportunity for big men in Japan—men like Fukuzawa, men of striking and convincing personality, says the *Japan Chronicle*, who can rally the people to the banner of progress and enlightenment. Let such men appear in the land, and the Japanese nation will assuredly rise to far greater heights, and the winter of their discomfiture become a glorious summer.

LIFE WITHOUT HEALTH IS LIVING DEATH.
VETARZO BRAIN AND NERVE FOOD

This remarkable compound, the latest discovery of modern times, is without equal in all cases of defective nerve and brain power, whether induced by worry, overwork, dissipation, or other influences. Sleeplessness, palpitation, defective circulation, nervous dyspepsia, tic or neuralgia, low spirits, mental and bodily prostration, want of confidence, general debility, premature decay or deficiency of the vital forces, loss of vitality, harassing dreams, restlessness that can settle to nothing, irritability of temper, female complaints, hysteria, backache, bearing down sensations, wasting diseases, consumption, slight sweats, muddy, high-colored water, etc., are all so many different phases of nerve weakness and exhaustion, the cause of which is the greater portion of the misery, ill-health, and dependency by which we are confronted on every hand, that can only be successfully combated by the use of this wonderful and highly scientific preparation, which by the way, gives tone to the exhausted nerves, corrects all weakening, wasting discharges, restores the falling energies, and imparts new life and vigour to those who had so recently seemed played out, used up and valueless. Bottles Price 2s. 6d.

WITHOUT PURE BLOOD HEALTH IS IMPOSSIBLE.
VETARZO BLOOD MEDICINE

Never before was there anything like it, nor can its marvellous properties ever be equalled in all cases of poorness, impurity, or other imperfection of the blood from whatever cause arising. No sooner is it introduced into the system than it penetrates and purifies to the minutest capillary, correcting and expelling disease, wherever and in whatever form met with; removing all blotches, pimples, scurf, seamy, scrofulous and glandular swellings, discolorations, roughness, and unsightly patches, etc. Its effects are almost magical in the treatment of gout, rheumatism, sciatica, lumbago, pains and swellings of the joints, dropsy, and in whatever form met with; it purifies the blood, and quickly removes long-standing bronchitis, asthma, and hacking, stridulous, spasmodic cough, too often the precursor of consumption. Bottles Price 2s. 6d.

Send stamped addressed envelope for free booklet, or P.O. 2/6 for trial bottle of either remedy, to THE VETARZO REMEDIES CO., GOSPEL OAK, LONDON. Unprincipled Vendors may try to sell you something else for extra profit—do not accept it, but insist on having VETARZO. The genuine has the words "VETARZO REMEDIES" on Government Stamp.

VETARZO REMEDIES ARE SOLD BY BOOTHS, CASH CHEMISTS.
